

Sail'in

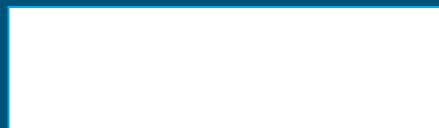

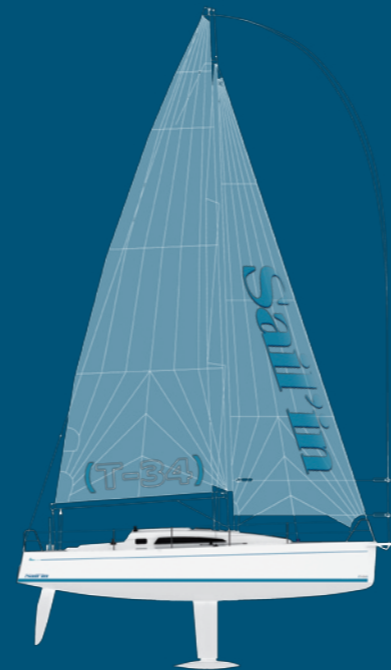

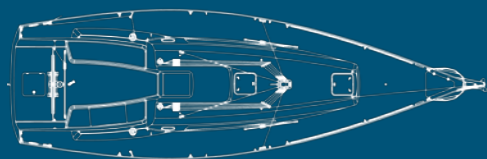

EDITION

"The construction of sailing boats is, for us, a dream and a passion. It is this very passion that, like any other, drives us every day to research into ever new and challenging solutions, models and ideas. We recognize of course that certain choices may be debatable and not always meet the most particular of needs, but we enjoy interacting with the world and putting forward our ideas. Each boat is unique and crafted entirely by hand. We made the decision not to enter the field of industrial boat construction as we believe every boat should have its own character and personality, sometime graceful and docile, sometime quick and fast. We make sailing boats designed to sail because we love to sail; we make safe sailing boats because we believe safety should be a priority; we make quality boats because quality for us is a categorical imperative; but most of all, we make sailing boats because this is our true passion. As Enzo Ferrari said, passion cannot be described, it can only be experienced." This is why we have decided to offer our clients a new full option limited edition that allows you to set sail immediately and, together with us, enjoy this fabulous passion signed T-Yachts

...so what's your sign?" ...

President,
Davide Strukelj

A70 CHART PLOTTER

AUTOPILOT ST70 RAYMARINE

ST60 TRIDATA FLUSH MOUNT

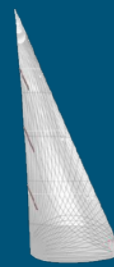

ST60 WIND SYSTEM FLUSH MOUNT

PERFORMANCE CRUISING MAIN SAIL

PERFORMANCE CRUISING ASYMETRIC

PERFORMANCE CRUISING GENOA

SPECIFICATION

Length over all LOA : 9,99 m
Length water line LWL : 8,84 m
Beam : 3,30 m
Displacement : 3900 Kg
Draft : 2,20 m
Ballast weight : 1350 Kg
CE specification category : A8
Cat. 2 ORC Regulations

SAIL PLAN

Mainsail (IRC) : 39 m²
Genoa 105% (IRC) : 28 m²
Gennaker (IRC) : 110 m²
Spinnaker (IRC) : 75 m²

CONSTRUCTION

100% epoxy-vinyl-ester and Uni, Biax and Triax E-glass sandwich construction
Aluminium reinforcement laminated in for fittings
100% surface Gel-Coat finishing
Antiskid deck painting quartz system
Race T-keel with lead and antimony bulb and steel-composite gelcoat finished
Carbon rudder stock
Ultra thin rudder profile
Thru-hull flush head valve Marelon
Center lift

ELECTRIC SYSTEMS

Gel Service battery 12v 100Ah
Gel engine start battery AGM 12V 75Ah
Double battery switch
Emergency parallel battery switch
230 V shore connection with residual-current device (RCD)
230 V socket on chart table
12V alternator on engine with battery isolator
Custom electric control panel with hydraulic magnetic circuit breaker
LED signaling system of use
Analogic indicator for water, fuel oil and batteries

WATER SYSTEMS

Water: 2 tanks of 60 liters each with common deck plug and separated vents
Water pump with pressure switch
Toilet with shower
Automatic shower drain pump
Galley water tap
Hot water kit with boiler and engine heat exchanger, galley and toilet mixer
Cockpit shower hot/cold water
Black water system with pump/macerator
Bilge electric pump with manual and automatic switch on
Bilge system suction roses and microvac system
GPL

GPL safety valve and copper and flexibles pipes
GPL cylinder outside vent locker
GPL cylinder with pressure reducer
ENGINE
Engine: Yanmar 3YM-20 HP with sail drive
Propeller: folding propeller
Fuel oil: tank of 53 liters with vent
Thinsulate insulated engine space with acces from saloon, toilet and aft cabin

DECK AND COCKPIT FITTINGS
